

# VERRADO™

## STRUCTURED WIRING COMPLIANCE REVIEW FORM

Verrado Home Builders must submit this form to comply with Verrado Design Review Committee Requirements.

Lot Owner (if known): \_\_\_\_\_

Parcel No: \_\_\_\_\_

Lot No: \_\_\_\_\_

Builder: \_\_\_\_\_

Builder Contact: \_\_\_\_\_

Address: \_\_\_\_\_

\_\_\_\_\_

Telephone: \_\_\_\_\_

Pursuant to the Verrado Custom Homes Design Guidelines, the above referenced Builder acknowledges compliance with Verrado's Structured Wiring System Specifications for the Lot(s) noted above. Please contact the Verrado Design Review Committee Representative for the latest Specifications.

We will install the following Verrado approved product, \_\_\_\_\_, per the manufacturer's recommendations, in all of the above referenced homes. The structured wiring system complies with any and all provisions and requirements specified in the Structured Wiring System Specifications. We will provide residential buyers with written acknowledgment of system installation at the time of closing.

During construction, a representative for Verrado will conduct two (2) reviews of the structured wiring installation. The first review will be at "pre-wire", the second review will be at "trim-out".

### Contractor installing wiring is:

Installation Company/Dealer: \_\_\_\_\_

Contact: \_\_\_\_\_

Address: \_\_\_\_\_

\_\_\_\_\_
